Gas Permeable & Specialist lenses

Vision+ membership payments are based on the complexity of your prescription, and we constantly review the cost of lenses to ensure our members are getting the best possible price. Because Gas Permeable & Specialist lenses are custom made it is not possible to put exact prices without knowing the precise specifications of your lenses and how often you will replace them. Call us at the practice for an exact price for your lenses.

The Vision+ 'from' price assumes you wear the same type of lens in each eye. The Vision+ Replacement price is what you will pay per lens should you lose or break a lens when you are a Vision+ member. For more information on Vision+ please speak to your optometrist, request a Vision+ guide or go to www.cameronoptom.com/vision
